Subject: feedback on CAA stationary

Hi Ron, here are the comments that I have received so far. Please give me call if anything is not clear.

Tom's comments:

1. **Business Cards:** the design is very European and not US. If I had to pick I would say option # 2
2. **Letter Head:** as with the Folder, the GEAR UP logo seems lost and by itself – why? I would prefer to incorporate Option #2 from the Business Cards into this – stripes
3. **Envelopes:** to be honest, I am not quite sure if this is permissible in the US; i.e. having the address across the bottom
4. **Email signature:** no mention of GEAR UP at all – why?

Laura's comment on the Envelopes:

1. Even if it is permissible, the envelope is confusing. You might get your mail returned to you!

Tam's comments:

Folder

1. The tag line Gear Up should be on the front cover
2. Logo and logo type need to be closer to each other so that people can make a connection between the logo and the name
3. At a first glance the camo is the first element that draws people attention and then the logo. I thought we were going to use the camo more as a subliminal message

Business card

1. Need some colors on the business card—right now it is just black and white, not exciting at all
2. Until we establish the brand identity the BC needs to tell people what CAA offers. Gear Up and Firearm Accessories need to be on there for people to identify what we do .

Email Signature

1. Needs some colors in email signature or else the logo will just blend in with the rest of the black text.

US Envelopes need to follow the US postal guidelines, <http://pe.usps.com/text/qsg300/Q602.htm>

Pub 28, Postal Addressing Standards
